Forecast for Sunday 04 Jun 2023

Weather: Low cloud across the north and east of the area at first, this gradually burning off through the morning. Otherwise it will be a dry day with some spells of strong sunshine.

Chance of cloud-free hill tops above 800m: 50% in the morning, best chance in the south of the area. Cloud above the tops in the afternoon.

Low cloud and visibility: Poor in the north and east with cloud down to 200 metres at first, this dispersing through the morning. Otherwise very good visibility and good air clarity with any cloud above the summits in the afternoon.
